English Room Directory

« A bit of history… »

Welcome to the Logis Hôtel La Brèche-Restaurant Berthelot

Isabelle and Jérôme Berthelot wish you a pleasant stay in their Hôtel*** Restaurant, located in the heart of the UNESCO World Heritage Site.

Originally, this house was a bourgeois house dating from 1880. In the 1927's, it became a boarding house, and little by little, a hotel restaurant just after the war.

Since 2009, Mr and Mrs Berthelot have been working hard to restore a warm soul to this building, all in conviviality by offering tasty and quality cuisine, all entirely homemade. Using only fresh and mostly local products.

On sunny days, you will enjoy the sun's rays on our beautifully flowered terrace in the heart of a large garden.

The Logis Hôtel La Brèche-Restaurant Berthelot is a no smoking establishment

ECOLOGICAL AND ECONOMIC AWARENESS

WELCOME OF PEOPLE WITH REDUCED MOBILITY

For the moment we don't have a room with handicapped access, but 2 rooms are accessible without stairs in the garden (15 and 16), with shower ;

Help people with reduced mobility by accompanying them as musch as possible, and offer to carry their luggage, help them to cimb the steps of the staircase leading into the restaurant, and the breakfast room, satting the menus to the visually impaired in the restaurant.

Room keys have pictograms for the visually impaired.

ENERGY SAVINGS AND WASTE SORTING

Ø The Chef prefers the short circuit with his local suppliers and therefore reduces the carbon footprint.

The team of the restaurant, the kitchen, the rooms and the reception pay close attention to:

1) Be sure to turn off lights and faucets after each use

2) Close bedroom windows if air conditioning and heating are on

3) For waste sorting :

- Recycled paper and packaging

- Kitchen, room and restaurant waste

- Cardboard

- Batteries and bulbs (For customer and hotel use ; To bring to the reception if necessary

- A water reducer is present in all bathrooms

- The change of towels is made only if necessary (*Put in the shower/bath tub*)

The air conditioning system is collective, when we feel that the heat is adequate we switch from hot to cold, this practice is usually done in late May early June.
